

## JUNE PROOFS RELEASE – JURA-BÉTAIL ON THE PODIUM

### JURA BÉTAIL, YOUR MONTBELIARDE SUPPLIER

**Either young or progeny tested, Jura-Bétail bulls are on the podium for this June 2016 proofs release.**  
Don't hesitate to enjoy it and pick among our offer:

#### ✓ THE GENOMIC OFFER

**HARPON JB**, for his 5<sup>th</sup> proofs release loses one place but none of his qualities: Milk (+971), Contents (Prot +1.2 Fat +2.1), Udder Health (+0.5), Reproduction (+0.4), longevity (+0.9), without forgetting the type composition.

Henceforth the sire **JORDREN JB** is the breed leader with 171 points of ISU. High dairy potential with milk (+653) and contents (Prot +1.7 Fat +3.7), perfect functional traits: +0.9 in Udder Health (Cel +1.0 CIMa +0.5), +1.4 in Reproduction and +0.4 in Longevity, along with a complete type: TY 111, F&L 112, UD 110.

Within the breed Top10, let's have a look at **JITEUF JB** with 157 points of ISU. He has very rare Type qualities (TY 123, BO 122, UD 120) coming together with a high Milk level (+932) and a very strong Reproduction (+0.7).

Among the other new young bulls, if you are looking for:

- **Milk**: **LOGALY JB** (Milk +1 154) and **JOSTIK JB** (Milk +1 179).
- **Genetic variability**: **LUCHO JB** and **LODS JB**, two sons of IROUD JB.
- **Muscularity**: **JINTAO JB** (TY 113, MU 103), **LUCHO JB** (TY 112, MU 101) and **JOZUAL JB** (TY 120, MU 103).
- **Outstanding Udders**: **LUDIC JB** (UD 123), **JOMBRIK JB** (UD 118), **JOLYMPE JB** (UD 121), **JOSTIK JB** (UD 118), **JELINEK JB** (UD 118), **JUSSIEU JB** (UD 123).

#### ✓ THE PROGENY TESTED OFFER

**FLIPEX JB** remains the Montbeliarde bull n°1 with progenies (ISU 158): 94 daughters that confirm his performances in production (Milk +885, Prot +1.1, Fat +0.3), an outstanding type (TY 117, BO 104, F&L 117 and UD 122), with very good Functional traits (Udder Health +0.8, Reproduction +0.1 and Longevity +0.6). Good news: FLIPEX JB is now available in sexed semen!

From our testage serial, **FRANGY JB** performs with Milk at +1 264 kg, which leads him into the TOP3 of the breed, and a very good Udder (119) in healthy condition (UdHe +0.9, Cel: +1.3).

**FRACAS JB** maintains his profile within the *Healthy* range with a Udder Health ranked at +0.1, a Reproduction at +0.7 and a Longevity at +0.7 too. He combines Production (Milk +551) and Type (TY 113, RU 111, F&L 117, UD 111).

Another newcomer from the testage serial is **FRIPON JB** who will inevitably please with his udders qualities (UD 122). He also gives daughters with Milk (+704), easy to manage (MS 108, TE 117), high in Functional and in Muscularity (106).

Among the oldest bulls, the new daughters arriving this time confirm their level:

**FLYER JB** : ISU 148, 198 daughters, Milk +731, Prot +1.3, Fat +3.1

**CRUMBLE JB** : ISU 144, 244 daughters, F&L 123, UD 121

**FUNKY JB** : ISU 140, 427 daughters, Milk +778, Prot +1.7, TE 125

**ESPRIT JB** : ISU 139, Milk +844, TY 123, F&L 117, UD 119

**FLASH JB** : ISU 137, 899 daughters, TY 121, BO 119, UD 116

#### ✓ SEXED SEMEN OFFER

14 bulls are available today in female sexed semen at 90%:
